

## Visualization software - VISU+ 2 RT 4096 NETWORK - 2402717

Please be informed that the data shown in this PDF Document is generated from our Online Catalog. Please find the complete data in the user's documentation. Our General Terms of Use for Downloads are valid (<http://phoenixcontact.com/download>)

Runtime license for Visu+ including networking function where the I/O data and variables in scripting are limited to 4096 bytes.

### Your advantages

- ✓ Access protection with user management
- ✓ Fully scalable process diagrams for using one design on different devices and monitor sizes
- ✓ Multilingual software and projects, thanks to Unicode support and online selection
- ✓ Full SCADA (Supervisory Control And Data Acquisition) function with visualization, trend representation, and alarm management
- ✓ Data logging, trend display, and recipe management
- ✓ Scripts can be created in VBA and IL
- ✓ Control coupling with OPC

### Key Commercial Data

|--------------|---------------------------------------------------------------------------------------------------------|
| Packing unit | 1 pc                                                                                                    |
| GTIN         | <br>4 055626 126982 |
| GTIN         | 4055626126982                                                                                           |

### Technical data

#### License information

|                               |                 |
|-------------------------------|-----------------|
| Intended use for the software | Visualization   |
| Type of license               | Runtime license |

#### Functions

|                        |                                                                            |
|------------------------|----------------------------------------------------------------------------|
| Basic functions        | Know-How protection and safety through encoding of projects                |
|                        | Realtime database coupling with ODBC to MS ACCESS, MS EXCEL and SQL server |
|                        | FDA CFR 21 Part 11 compatible                                              |
| Expanded functionality | Networking                                                                 |
| Integrated function    | Networking                                                                 |

# Visualization software - VISU+ 2 RT 4096 NETWORK - 2402717

## Technical data

### Functions

|                     |                      |
|---------------------|----------------------|
|                     | Online configuration |
|                     | Password protection  |
|                     | Language selection   |
| Number of I/O nodes | 4096 I/O bytes       |

### Hardware requirements

|                   |                                                     |
|-------------------|-----------------------------------------------------|
| Hard disk         | min. 1 GByte (recommended: 2 GB)                    |
| RAM               | min. 1 GByte (2 GB for Windows Vista and Windows 7) |
| CPU               | Pentium/Celeron, 1.6 GHz                            |
| Optical drive     | DVD-ROM                                             |
| Screen resolution | rec. 1024 pixel(s) x 768 pixel(s) (XGA)             |

### Software requirements

|                     |                                  |
|---------------------|----------------------------------|
| Languages supported | German, English, French, Italian |
| Supported browsers  | Internet Explorer 5.5 or higher  |

### Development environment requirements

|                                 |                                              |
|---------------------------------|----------------------------------------------|
| Operating equipment             | Keyboard, mouse                              |
| Operating system                | Windows® 10                                  |
|                                 | Windows® 8.1                                 |
|                                 | Windows® 8                                   |
|                                 | Windows® 7                                   |
|                                 | Windows® Embedded Standard 7                 |
|                                 | Windows® Server 2019                         |
|                                 | Windows® Server 2016                         |
|                                 | Windows® Server 2012 R2                      |
|                                 | Windows® Server 2012                         |
|                                 | Windows® Server 2008 R2                      |
|                                 | Windows® Server 2008                         |
|                                 | Windows® Server 2003                         |
| Note about the operating system | Server Core installations are not supported. |

### Runtime environment requirements
