

## Thyristor High Voltage, Phase Control SCR, 40 A

| PRIMARY CHARACTERISTICS            |                  |  |  |  |  |  |  |
|------------------------------------|------------------|--|--|--|--|--|--|
| I <sub>T(AV)</sub> 25 A            |                  |  |  |  |  |  |  |
| V <sub>DRM</sub> /V <sub>RRM</sub> | 1200 V           |  |  |  |  |  |  |
| $V_{TM}$                           | 1.6 V            |  |  |  |  |  |  |
| I <sub>GT</sub>                    | 35 mA            |  |  |  |  |  |  |
| TJ                                 | -40 °C to 140 °C |  |  |  |  |  |  |
| Package                            | TO-220AB         |  |  |  |  |  |  |
| Circuit configuration              | Single SCR       |  |  |  |  |  |  |

#### **FEATURES**

- Flexible solution for reliable AC power rectification
- Meets JESD 201 class 1A whisker test
- AEC-Q101 qualified
- Material categorization: for definitions of compliance please see <a href="https://www.vishay.com/doc?99912"><u>www.vishay.com/doc?99912</u></a>

#### **APPLICATIONS**

- On-board and off-board EV/HEV battery chargers
- Renewable energy inverters

#### **DESCRIPTION**

The VS-40TTS12HM3 high voltage series of silicon controlled rectifiers are specifically designed for medium power switching and phase control applications.

| MAJOR RATINGS AND CHARACTERISTICS  |                        |             |       |  |  |  |  |  |  |
|------------------------------------|------------------------|-------------|-------|--|--|--|--|--|--|
| PARAMETER                          | TEST CONDITIONS        | VALUES      | UNITS |  |  |  |  |  |  |
| I <sub>T(AV)</sub>                 | Sinusoidal waveform    | 25          | A     |  |  |  |  |  |  |
| I <sub>RMS</sub>                   |                        | 40          |       |  |  |  |  |  |  |
| V <sub>RRM</sub> /V <sub>DRM</sub> |                        | 1200        | V     |  |  |  |  |  |  |
| I <sub>TSM</sub>                   |                        | 350         | A     |  |  |  |  |  |  |
| V <sub>T</sub>                     | T <sub>J</sub> = 25 °C | 1.6         | V     |  |  |  |  |  |  |
| dV/dt                              |                        | 500         | V/µs  |  |  |  |  |  |  |
| dl/dt                              |                        | 150         | A/μs  |  |  |  |  |  |  |
| TJ                                 |                        | -40 to +140 | °C    |  |  |  |  |  |  |

#### **ORDERING INFORMATION TABLE**

**Device code** 

Vishay Semiconductors product

2 - Current rating, RMS value

3 - Circuit configuration:

T = single thyristor

4 - Package:

T = TO-220

5 - Type of silicon:

S = standard recovery rectifier

6 - Voltage rating (12 = 1200 V)

7 - H = AEC-Q101 qualified

8 - Environmental digit:

M3 = halogen-free, RoHS-compliant, and terminations lead (Pb)-free

#### Notes

- (1) Dimensioning and tolerancing as per ASME Y14.5M-1994
- (2) Lead dimension and finish uncontrolled in L1
- (3) Dimension D, D1 and E do not include mold flash. Mold flash shall not exceed 0.127 mm (0.005") per side. These dimensions are measured at the outermost extremes of the plastic body
- (4) Dimension b1, b3 and c1 apply to base metal only
- (5) Controlling dimensions: inches
- (6) Thermal pad contour optional within dimensions E, H1, D2 and E1
- (7) Dimensions E2 x H1 define a zone where stamping and singulation irregularities are allowed
- (8) Outline conforms to JEDEC® TO-220, except A2 (maximum) and D2 (minimum) where dimensions are derived from the actual package outline

Vishay

ALL PRODUCT, PRODUCT SPECIFICATIONS AND DATA ARE SUBJECT TO CHANGE WITHOUT NOTICE TO IMPROVE RELIABILITY, FUNCTION OR DESIGN OR OTHERWISE.

Vishay Intertechnology, Inc., its affiliates, agents, and employees, and all persons acting on its or their behalf (collectively, "Vishay"), disclaim any and all liability for any errors, inaccuracies or incompleteness contained in any datasheet or in any other disclosure relating to any product.

Vishay makes no warranty, representation or guarantee regarding the suitability of the products for any particular purpose or the continuing production of any product. To the maximum extent permitted by applicable law, Vishay disclaims (i) any and all liability arising out of the application or use of any product, (ii) any and all liability, including without limitation special, consequential or incidental damages, and (iii) any and all implied warranties, including warranties of fitness for particular purpose, non-infringement and merchantability.

Statements regarding the suitability of products for certain types of applications are based on Vishay's knowledge of typical requirements that are often placed on Vishay products in generic applications. Such statements are not binding statements about the suitability of products for a particular application. It is the customer's responsibility to validate that a particular product with the properties described in the product specification is suitable for use in a particular application. Parameters provided in datasheets and / or specifications may vary in different applications and performance may vary over time. All operating parameters, including typical parameters, must be validated for each customer application by the customer's technical experts. Product specifications do not expand or otherwise modify Vishay's terms and conditions of purchase, including but not limited to the warranty expressed therein.

Hyperlinks included in this datasheet may direct users to third-party websites. These links are provided as a convenience and for informational purposes only. Inclusion of these hyperlinks does not constitute an endorsement or an approval by Vishay of any of the products, services or opinions of the corporation, organization or individual associated with the third-party website. Vishay disclaims any and all liability and bears no responsibility for the accuracy, legality or content of the third-party website or for that of subsequent links.

Except as expressly indicated in writing, Vishay products are not designed for use in medical, life-saving, or life-sustaining applications or for any other application in which the failure of the Vishay product could result in personal injury or death. Customers using or selling Vishay products not expressly indicated for use in such applications do so at their own risk. Please contact authorized Vishay personnel to obtain written terms and conditions regarding products designed for such applications.

No license, express or implied, by estoppel or otherwise, to any intellectual property rights is granted by this document or by any conduct of Vishay. Product names and markings noted herein may be trademarks of their respective owners.
